ARNS

VOLUME XXVI

MARCH, 1987

NUMBER 3

THE PREZ SEZ

Homebrew Night was a success this year with 9 entries and 3 winners. Construction techniques are improving and the cost of some projects getting lower. It is very exciting to see what can be done at home with a minimum of test equipment. It was also good to see a veteran of homebrew night join us from New Jersey. Joe, W2EIF, showed a complete 902 transverter which was on the air and operational. Hope you can come back again soon, Joe.

We are faced with another crisis concerning the 220 Mhz band. In short, the FCC would take away the bottom 2 Mhz of the band for reallocation. This would be a problem with weak signal activity since band space is already allocated for FM, Packet radio, etc. It would be very difficult to find space on 220 for all the modes we like if the FCC takes this action. Rick Connor is drafting a letter which will represent the club's position on this matter, and will send it to the FCC in proper form. There may be another write up in this issue.

That's all for now. I understand Bob, N2SB, is working on a good program for the March meeting. Hope to see everyone there.

73,

Gary, WA2OMY

THE FOUNDATION FOR AMATEUR RADIO

The Foundation for Amateur Radio, Inc., a non-profit organization with headquarters in Washington, D.C., plans to award twenty-six (26) scholarships for the academic year 1987-88 to assist licensed Radio Amateurs. The Foundation, composed of fifty local area Amateur Radio Clubs, fully funds two of these scholarships from the proceeds of its annual Hamfest. It administers without cost to the donors, seven (7) scholarships for the Quarter Century Wireless Association, two (2) each for the Dade (FL) Radio Club, the Baltimore (MD) Amateur Radio News Service and one (1) each for the Radio Club of America, the Richard G. Chichester Memorial, the Young Ladies' Radio League, the Edmund G. Redington Memorial,

CALENDAR OF COMING EVENTS

By Harry Brown, W3IIT

MARCH

- 3 Birthday of Alexander Graham Bell
- 8 Westchester Emergency Communications Association 3rd Annual Hamfest at the Westchester Community College in Valhalla, N.Y. Talk-in on 147.66/.06.
- 12 Packrat Board of Directors Meeting at the QTH of W3CL at 8:00 P.M. Call: 215-887-5052 for directions. 2087 Parkdale Avenue, Glenside, Pa.
- 13 The Splitrock ARA is sponsoring their 2nd Annual evening Hamfest at the Drew University Center, Rm. 107, Rte. 24, Madison, N.J. Setup at 6 P.M. Doors open at 7. Talk-in on 146.985.
- 14-15 Maine QSO Party. See Page 91 of the March 1987 Issue of QST.
- 19 March Packrat Meeting at the Southampton Free Library on Street Road, Southampton, Pa. The meeting starts promptly at 8 P.M.
- 21 +/- 2 weeks. Optimum time for TE propagation.
- 22 DVRA Hamfest at the N.J. National Guard Armory, Eggerts Crossing Road, Lawrence Township, approximately 2 miles N. of I-95, Rte. 206 interchange. Talk-in on 07/67.
- 24 EME Perigee
- 25 VE Exam by the Warminster ARC. Contact: Tom Michaud, WA3TQJ, Box 404, Warrington, Pa. 18976. (215) 343-3494.
- 28 Springfest '87 will be held at the 4H Fairgrounds near Egg Harbor City, N.J. Talk-in on 146.985 and .52.
- 28 The Chestnut Ridge Radio Club will sponsor their 10th Annual Ham Radio Flea Market at the Education Building, Saddle River Reformed Church, East Saddle River Road and Weiss Road. Admission \$1.

HOME BREW NITE PARTICIPANTS

K3GAS - Sona Light
N3CX - 093 Xvtr; 432 Linear Amp, 1296 - 2X2C39 Amp.
W2EIF - 903 Xvtr and 2C39 Amp; low level watt meter.
WA3JUF - 432 Amp; 100-500 Mhz amp; 3456 amp. Universal xvtr pwr/sply.
WA3AXV - 903 xvtr and 20 W. amp; W6P0-903 preamp.
WA2OMY - Converted fair radio filters; 1296 - 2304 - 3456 (3 bands) xvtr.
W3GXB - Portable-multiple 12.6V - 5 and 8 amp. pwr/sply - professional construction.
WB2JHG - Mark Adams - visitor. 903 xvtr.
N2SB - 903 "Rover" 60 watt xvtr.
WA3NUF - 2304 preamp.

Judges - W3FQD, W3ZD and WA3NUF.

Winners: Most Unique - K3GAS
Most Ambitious - WA2OMY
Construction Techniques - WA3JUF

TID BITS

Sunspot No. for January 1987 = 9.8. Smoothed No. for July 1986 = 13.8.

The Central Jersey Engineering Council presented "Appreciation Award - Education" to BB Wentzel, W2HX. Congratulations BB.

Harry Schools, KA3B will be operating from VPP, Bermuda in the near future on 6 meters that is, What dates Harry?

Harry, K3LOM reports that WB4MYM near Raleigh, NC (FM05) runs a net on 50.2 Mhz 8 A.M. on Sunday; 8 P.M. Monday, Wednesday and Friday.

Correction please - Rick Rosen, K2RR QTH is Mason, New Hampshire - Not N.J.!!

WA3AAJ, Jim Ward, our San Diego, CA Pack-Rat reports the VHF/UHF bands are very quiet except for FM Repeaters and Packet.

W3ICC, Harford Drexler, executive of the EMA offices, Courthouse, Doylestown, Pa. reported via the Bucks County Courier Times that emergency communications was required during the first big snowstorm in January. The ARES was on stand-by and assisted during the storm. (Thanks Ron, WA3AXV).

Randy Bynum, WB2SZK, our San Jose, CA. Pack-Rat, reports keeping very busy out there - along with his regular job he does consulting based on his RF experience. Also, he and Della have an outside business going. Good luck to you folks.

Larry Hayelwood, W5NZZ, Oklahoma City, writes that he would like to join the Pack-Rats thinks an associate membership would be in order - he is ex K3KBV. Say ehlllo to the OM Larry.

Congratulations to Rose and Harry Brown, W3IIT who became grandparents on Feb. 11, 1987.

ANOTHER DEFINITION OF "HAM"

From a PR article on Amateur Radio in the New York Times - "HAM traces its roots to a magazine, Home Amateur Mechanic, that 75 years ago devoted an edition to assembling home radios. The devices were eventually named HAM, after the magazine's initials.

(tnx Phil, WA3NUF)

PHIL-MONT TO SPONSOR MEETING OF RADIO CLUBS
W3PWG

Bob Haacke, KA3DVY, will conduct a briefing for all radio clubs on the subject of the National Weather Service's SKYWARN program. The meeting will be held in the Lecture Hall at the Franklin Institute on Wednesday, 25 March 1987 at 7 PM.

Bob is the ARRL Division Emergency Coordinator, and was in charge of planning the National Disaster Medical Drills held in Phila. in previous years. (tnx "the Blurp")

ARRL BULLETIN NR 13 FROM ARRL HEADQUARTERS NEWINGTON CT FEBRUARY 10, 1987 TO ALL RADIO AMATEURS: FCC today released the report and order in PR Docket 86 161, Novice Enhancement. The rules become effective 0001 UTC March 21, 1987, a Friday night, local time. Specific rule changes are -- 1. Novices and Technicians may operate 28.1 to 28.5 Mhz, using CW modes from 28.1 to 28.3 and CW, and voice modes from 28.3 to 28.5 Mhz. Novice and Technician control operators are limited to 200 watts output in this band, but other licensees are not similarly limited. 2. Novices may use up to 25 watts in the 222.10 through 223.91 Mhz band, with all authorized emissions. 3. Novices may use up to 5 watts in the 1270 through 1295 Mhz band, with all authorized emissions. 4. No amateur station at which the control operator or station licensee holds a Novice class operator license shall be in repeater, auxiliary, or beacon operation. 5. Two examiners will be required to administer future Novice exams, which shall consist of 30 questions. FCC Form 610 will be revised to provide for certification by two VES. 6. Present Novice and Technician licensees are grandfathered into the new privileges. 7. Element 3 is divided into two parts, 3A and 3B, with each examination to consist of 25 questions. Present Technician licensees will be given credit for having passed both elements. In the future, upgrades to Technician will only have to pass element 3A and future Technicians upgrading to General will have to pass both elements 1B, 13 WPM, and element 3B. The complete text of the new rules will appear in April QST.

ARRL BULLETIN NR 16 FROM ARRL HEADQUARTERS NEWINGTON CT FEBRUARY 12, 1987 TO ALL RADIO AMATEURS: On February 12, 1987, the FCC released a notice of proposed rule making, General Docket 87 14, that proposes to allocate 220 to 222 Mhz on an exclusive basis to the land mobile service and 222 to 225 Mhz exclusively to the amateur service. According to the FCC, the 220 to 225 Mhz band is underutilized, and that the land mobile service has needs that can be met in this region of the spectrum. Therefore, the commission is proposing that the lower 2 megahertz, 220 to 222 Mhz, be reallocated on a primary basis to the land mobile service for both Government and nongovernment operations and the existing primary allocations to the amateur, fixed and mobile services be deleted. Accordingly, the FCC proposes to allocate the remaining 3 megahertz, 222 to 225, to the amateur radio service on a primary basis. Comments on this proposal may be filed on or before April 6, 1987. Reply comments may be filed on or before April 21, 1987. See the ARRL letter and QST for further details.

(NOTE: The club is responding to this FCC Docket. Rick Conner, WB2NPE is preparing the document. Members are urged to do so also including writing to your Congressman and Senators. An ARRL news flash appears in this issue of cheese-bits)

* * *

THE FOUNDATION FOR AMATEUR RADIO CONT.

the Columbia (MD) Amateur Radio Association and the Vienna (VA) Wireless Society. Also this year, there will be three one-time awards in memory of recent Silent Keys.

Licensed Radio Amateurs may compete for these awards if they plan to pursue a full-time course of studies beyond high school and are enrolled or have been accepted for enrollment by an accredited university, college or technical school. Most of the scholarships require the applicant to hold at least an FCC GENERAL Class license or equivalent. The awards range from \$350 to \$900 with preference given in some cases to residents of specified geographical areas or the pursuit of certain study programs.

Additional information and an application form can be requested by letter or QSL card, postmarked prior to May 31, 1987 from: F A R Scholarships, 6903 Rhode Island Avenue, College Park, MD 20740.

The Foundation for Amateur Radio, incorporated in the District of Columbia, is an exempt organization under Section 501(c)(3) of the Internal Revenue Code of 1954. It is devoted exclusively to promoting the interests of Amateur Radio and those scientific literary and educational pursuits that advance the purposes of the Amateur Radio Service.

HINTS AND BITS

Use fuses between your high current power supplies and your amplifiers and transverters. The transverters and other equipment have reverse polarity diodes inside that protect against the accidental reversal of the supply leads.

Without an in-line fuse, your Astron 20 Amp power supply will pump it's full current into the transverter which will certainly blow the diodes and many other semiconductor devices.

Replace the 50 cent fuse OR the transverter.....it's your decision.
